

## Top 20 Magic Change Words

- |   |   |                                   |
|---|---|-----------------------------------|
| 1. Easily   | } | Softens whatever comes after it.  |
| 2. Naturally  |   |                                   |
| 3. Automatically  |   |                                   |
| 4. Aware  | } | Whatever you tell them they will. |
| 5. Realize(ing)   |   |                                   |
| 6. Experience(ing)  |   |                                   |
| 7. Notice(ing)  |   |                                   |
| 8. Expand(ing)  | } | Causes SCM to focus on space.     |
| 9. Beyond   |   |                                   |
| 10. Unlimited   |   |                                   |
| 11. Before  | } | Causes SCM to think of time.      |
| 12. After   |   |                                   |
| 13. Begin   |   |                                   |
| 14. During  |   |                                   |
| 15. Now   |   |                                   |
| 16. <b>Imagine/Create</b> ---Sends the SCM into the (right) creative hemisphere.    |   |                                   |
| 17. <b>Don't</b> ---The SCM says, "Watch me!" (Or misses it altogether).            |   |                                   |
| 18. <b>But</b> ---The mind automatically negates everything before it.              |   |                                   |
| 19. <b>And</b> ---The mind naturally includes everything after it.                  |   |                                   |
| 20. <b>Because</b> ---Gives a reason. The mind easily believes everything after it. |   |                                   |
